## technology leasing solved.

Global Finance Group understands implementing the latest and greatest hardware technology is an integral part of keeping your business growing and staying up-to-date. It's important to know that investing in a rapidly depreciating technology asset can be costly, risky, and overwhelming for your operational budget.

## OUR TECHNOLOGY LEASE SOLVES THESE BUDGETARY CONCERNS.

### 0.00% Technology Lease Details:

- Lease your Hardware Purchases for 0.00%
- Some software and installation costs can be included\*
- Lowest payment solution compared to financing
- Hedge against technological obsolescence by keeping your hardware always up-to-date
- Provides the most flexibility and options at the end of the lease.
